

# Policy Benchmarking

Most insurance policies are never reviewed and, if at all, are only seen during the annual renewal process. This creates a number of organizational blind spots and coverage gaps that can lead to large, uninsured losses. Risk Cooperative offers a policy review and benchmarking service to help identify blind spots, coverage gaps and provide coverage improvements.

# Policy Benchmarking

## Property and Casualty

Risk Cooperative can originate and place a full spectrum of property and casualty insurance solutions with global markets.

## Specialty Lines

Our expertise in placing specialty lines coverage, such as kidnap and ransom, cyber risk and political risk among others is unrivalled.

## Life and Health

Risk Cooperative can originate and place a full spectrum of life and health insurance solutions with global markets.

## Comprehensive Benefits

Risk Cooperative assists customers in finding cost effective and complete benefit plans globally, while helping to navigate the evolving complex legal and regulatory changes.

## Comparative analysis across all lines of insurance

## About Risk Cooperative

Risk Cooperative is a specialized strategy, risk and capital management firm founded around the question of what people would do in a world without risk? Risk Cooperative is a licensed brokerage across the full spectrum of risk and insurance solutions.
