

CUSTOMIZED SUPPORT
TO HELP BUSINESSES
STAY AHEAD OF RISK

Cyber risk is a rapidly evolving enterprise threat sparing no segment of the market. Businesses worldwide are challenged with protecting their digital assets, business continuity, and brand perception from cyber-attacks at the same time as these incidents are increasing in frequency. We offer a suite of solutions designed to enable executive leadership teams to better understand these complex challenges in context, provide informed oversight, and build resilient organizations.

Resiliency360°

Risk. Readiness. Resilience.

INSURANCE

Our solution design and proprietary innovations adds value to strategic growth initiatives.

- Financial Hedging
- Policy Benchmarking Analysis
- Coverage/Gap Identification
- Incident Response

We help businesses identify, mitigate and apply turnkey risk transfer approaches allowing them to meet key growth objectives and develop organizational resilience. We are an independent insurance brokerage operating across the full spectrum of risk and insurance solutions globally.

We can design customized policies that include comprehensive coverage, helping businesses be better protected against losses. As a coverholder at Lloyd's, our cyber insurance solution helps defray the costs of a breach and offers vital remediation and mitigation support during the recovery phase, aiding in limiting reputational harm.

ADVISORY

Our bench of subject matter experts adds value to preparedness initiatives designed to protect your enterprise.

- Threat Landscape
- Regulatory Environment
- Leading Practices
- Governance Planning and Implementation Support

Under our consulting banner, we offer specialized advisory services for the C-Suite and Board of Directors. As a trusted advisor to your leadership team, we work with you to understand your objectives and embed leading practices that improve resiliency and drive continuous improvement.

Through regular briefings and scenario based exercises, we identify gaps in your preparedness and create actionable strategies for enterprise resilience. From there, we can assist in minimizing your exposures and help the organization be a "better" risk to insurers.

EDUCATION

Our unique approach supports a culture of resilience at all levels of your organization, improving situational awareness to risk in the context of day-to-day operations.

- Scenario-Based Exercises
- Customized Programs
- Enterprise Workshops
- Scalable Online Certificate Programs

A healthy risk mitigation strategy means ensuring best practices are being utilized throughout the organization.

We create and deliver customized programs that reinforce cyber risk protocols and address the human element, which is often the Achilles heel in many areas of institutional risk. Cybersecurity is no longer the domain of IT professionals alone. We will help you equip your business leaders and frontline employees to protect the enterprise.

Resiliency360°

Risk. Readiness. Resilience.

We believe that forward-looking organizations are better able to seize opportunities and grow in unprecedented ways. Utilizing our Resiliency360° approach, we assess and tackle enterprise risk head-on as a trusted advisor to your team. Our integrated approach will identify and close the gaps in your preparedness, implement frameworks for continuous improvement, improve executive-level communication and coordination, and unlock hidden capital that enables growth.
